

MURLI KUMAR

Mumbai, India

8452916764

murlikumar07@gmail.com

SKILLS

Languages: JavaScript (ES6+), HTML5, CSS3

Frameworks & Libraries: React.js, Tailwind CSS,

APIs & Tools: OpenWeather API, ZEGOCLOUD API, Gemini API, REST APIs, Git, Vercel

Specialties: Responsive Design, Data Visualization, AI API Integration

PROJECTS

1. Weather App | [Live](#) | [GitHub](#)

Tech Stack: React.js, Tailwind CSS, OpenWeather API

- Responsive weather dashboard with live API data, geolocation, and 5-day forecast.
- Interactive temperature charts.
- Fully responsive design optimized for both speed and usability.

2. Mindscope AI Search | [Live](#) | [GitHub](#)

Tech Stack: React.js, Tailwind CSS, GeminiAPI

- AI-powered search assistant with context-aware responses using Gemini API.
- Minimal chat-style interface with saved search history.
- Responsive and fast-loading for mobile and desktop users.

3. Filmie Movie | [Live](#) | [GitHub](#)

Tech Stack: React.js, Tailwind CSS, TMDB API

- Responsive movie discovery platform with real-time search functionality.
 - Integrated TMDB API to fetch trending, popular, and top-rated movies.
 - Built with React, Tailwind CSS, and Appwrite for analytics and backend services.
-

Experience

Independent Frontend Developer | Jan 2025 – Present

- Delivered 3 production-ready applications using React.js, Tailwind CSS, and API integrations.
 - Deployed on Vercel with 99.9% uptime, ensuring mobile-first responsiveness across devices.
 - Integrated real-time streaming and AI APIs for enhanced user engagement.
-

EDUCATION

Dr. D.Y Patil Institute Of Engineering And Technology, Ambi Pune | 2022

Bachelor of Engineering in Computer Science

- **CGPA: 8.18**
-

Summary

- Fast learner with strong problem-solving skills, passionate about building intuitive, user-friendly interfaces.
- Open to frontend roles (remote, hybrid, or on-site).
